

I urge you to NOTt the Bell "Wolves" own the chicken coop that the FCC has allowed them to dominate. Plain laws of economics state that competition requires competitors to be alive. If the FCC lifts the dominant classification from the Local Exchange Carriers (Bells), it will limit competition to a duopoly consisting of a bell and a cable company. Competition in the American Telecom marketplace will not be incentivized, it will be torpedoed. ISPs and CLECs like the one I use will die, consumers will be deprived of choice and the FCC will be wholly to blame for the travesty. PRO-CHOICE IS GOOD IN THE MARKETPLACE! DO NOT DO IT THIS. Chairman Powell: Please do not sell out to BIG BUSINESS, at the expense of competition and the small businesses of our country
